

NWCG CURRICULUM MANAGEMENT ISSUE PAPER #59
MODIFICATION OF COURSE NAME FOR
INTERAGENCY HELICOPTER TRAINING GUIDE S-271
April 22, 2004

BACKGROUND

The NWCG course Interagency Helicopter Training Guide, S-271 is in its final revision stages. The course was revised by the Office of Aircraft Services in conjunction with the NWCG Development Unit.

CURRENT STATUS

The current course name Interagency Helicopter Training Guide is misleading. The course is designed for helicopter crewmembers.

RECOMMENDATION

It is the recommendation of OAS and the NWCG Development Unit that the name of the course be revised to **Helicopter Crewmember**. This renaming more accurately identifies the subject of the course.

ACTION REQUIRED

Approval of the TWT of the name change for the S-271 course from Interagency Helicopter Training Guide to Helicopter Crewmember.
